

VEZOS

SELF PROPELLED LINE STRIPER DRIVERS

THE PRODRIVE FAMILY

SIGNATURE RETRACTABLE TRAY ON ALL MODELS

Maximize your productivity and striping comfort with the **PRODRIVE** line striper drivers. Designed for the professional contractor, these units feature multi-adjustment settings that provide true universal adaptability, ensuring flawless integration with virtually any brand of line striper. The core of their efficiency lies in the innovative retractable rear storage platform, which eliminates unnecessary downtime by allowing users to conveniently carry all vital job supplies, from traffic cones and extra paint buckets to fuel tanks, right along with them. To further enhance its utility, the PRODRIVE line is equipped with specialized features like a high-output HD "Power Generator Pack" (180 Watt - 12 Volt) and an ergonomically designed, multi-adjustable seating system, guaranteeing both power for accessories and comfort for the operator.

PRODRIVE SD

Drive Your Striper Further. Built for Everyday Performance.

Edition: Standard Duty

PRODRIVE SD is a self-propelled driver designed for standard everyday striping tasks. It delivers the core PRODRIVE adaptability and comfortable seating features, making it ideal for everyday parking-lot and local road work. With its adjustable hitch kit and highly responsive foot pedals the PRODRIVE SD **can be easily adapted to any striper**, allowing contractors to transform their existing striper into a ride-on unit within minutes.

- 23.9115503 **PRODRIVE SD LINE DRIVER**
- 23.9107179 LIGHT KIT
- 23.9107180 TURF WHEEL KIT
- 23.9107181 180 WATT ELECTRIC KIT

1 ADVANTAGES

Retractable storage tray with three adjustable positions, you can choose from three different size storage options. Easy maintenance & comfortable driver's seat ensure productivity.

- ✓ Standard tires (6-ply)
- ✓ HONDA engine (pull start)
- ✓ Highly responsive foot pedals
- ✓ Adapts to all stripers (US & EU)
- ✓ Tilt engine cover, full inspection & tank refill
- ✓ 3 positions retractable tray = 3 size storage options

3 ADJUSTABLE

PRODRIVE SD self-propelled driver is adjustable, making sure that all users find the correct sitting position and allowing them to concentrate on precise lines.

- ✓ Sitting length adjustment settings for all riders
- ✓ Comfortable high-back rest seat for added support

5 HITCH KIT COMPATIBILITY

Our hitch kit features adjustable height and length to fit your needs for wide range of applications. Just unscrew the bolts, adjust the hitch in your needs, and secure it in place!

- ✓ Height (multiple scales)
- ✓ Compatible with all brands and line stripers

7 COMFORTABLE SEAT

High-back rest for added support and extra padding for all-day comfort. Its gray color remains cool in direct sunlight, making it perfect for extended use.

- ✓ Extra padding for all-day comfort
- ✓ Gray color (cool in direct sunlight)
- ✓ High-back rest seat for added support
